DreamLab Partners

They Believed in a Dream

“ The DreamLab interns who are trained with the skills@school programmes possess the necessary capabilities which are required for this service industry pertaining to Hair, Beauty and Spa. ”

Nalini Naegamvala
Founder of Nalini & Yasmin Salon
Private Limited and Nalini's Academy

“ Trained and certified in product/mobile repair, DreamLab Interns are technically equipped than many adolescents of their age. They provide great potential for strengthening the pipeline for the future skilled labour force. ”

Rajesh Dungrani
Co-Founder and Director, Fonecare

Did You Know ?

- ◆ **Child Labour (Prohibition & Regulation) Amendment Act, 2016**, does not consider employment between 14-18 years of age as child labour (unless it is in a hazardous industry)
- ◆ Salaam Bombay Foundation Alumni are registered as interns only after procuring a signed consent from their parents as per the requirement of the **Indian Majority Act, 1875**. This allows a minor's guardian to enter into valid contract on his / her behalf on the benefit of the minor
- ◆ Interns, while continuing their education, can cater to cyclical and seasonal demands of businesses, eliminating the need for organisations to invest in overheads during lean periods
- ◆ Unlike apprenticeships which are covered under the **National Apprenticeship Promotion Scheme (NAPS) 2016**, internships are not governed by any regulation, providing for greater flexibility in designing internship programmes for your organisation

“

In the DreamLab programme I learnt various new cake-making and chocolate-making techniques. When I start selling my own cakes and chocolates, I will be able to apply these new methods to deliver products that will make my customers excited and satisfied.

”
